

Battery Compliance

This statement sets out telent's commitment to compliance with the Waste Batteries and Accumulators Regulations 2009 and agreed with the Department of Business Energy & Industry standards.

telent Technology Services Limited is a producer of industrial batteries under the Waste Batteries and Accumulators Regulations 2009. telent produce lead acid batteries.

We are obliged to take back, free of charge, waste industrial batteries supplied to an end user for treatment and recycling. We are required to do this in any calendar year we place new industrial batteries on the market.

If any of our customers, or in certain cases other end users, require us to take back Industrial batteries, they should contact us using the details below. We will then agree the necessary arrangements for the return, proper treatment and recycling of the waste industrial batteries.
